

# The Wypadki *facilitating a class-wide group outline*

“wypadki” = a recursive portmanteau: *Why prepare an individual outline when you can use a wypadki?*

#### TECHNOLOGICALLY powered by:

- MediaWiki: the same software used for Wikipedia, available at [mediawiki.org](http://mediawiki.org)

#### ECONOMICALLY powered by:

- Incentives: the wypadki is a reference for an otherwise closed-book exam
- Accountability: the site records the name of the student making each addition, edit, and deletion

#### BENEFITS:

- Economically efficient learning
- Collaborative student experience
- Shows teacher how students perceive and organize
